Basic information

Full name: Zhang Caibin
Date of birth: 04/01, 1998
Nationality: Chinese
City:Lanzhou

Sex: Male
Major: Computer Science & Agrostology
Academic Background: Undergraduate

Self assessment

In school, I systematically studied relevant courses of pratacultural science, which provided me with a solid foundation of professional knowledge. Meanwhile, I also took other elective courses that I was interested in, which enriched my knowledge in all aspects. I have a good level of foreign language and have passed Cet-6. I integrate English learning into my life every day. In terms of learning ability, I am strict with myself and highly disciplined. In scientific research experiments, I have the spirit of teamwork, and I can learn from each other's strengths and weaknesses by heart when communicating with classmates.

Social experience

AWARD

- 2020 July wins the first prize of the fifth *Silk Road* College Students Pratacultural Science Practice Skills Competition of Lanzhou University
- wins Guangdong Wen's Outstanding Student Scholarship in the academic year 2018-2019 and Piao Green Scholarship in the academic year 2019-2020
- 2019-2020 Communist Youth League Evaluation is named as outstanding Member of the Communist Youth League and outstanding Student Cadre of the school in 2020-2021
- obtain National Computer Rank Examination - Level 2 Python language, Level 2 Access database, Level 3 Network technology, Level 4 Network Engineer certificate.
- 2018-2019 Excellent Library Volunteer (serve as library volunteer for four semesters in total)

RESEARCH

- 2018 -- 2020 a total of four times to Aba Prefecture, Sichuan Province. In July 2018, information about the local herd structure and the situation of herdsmen and their families is collected. In July and October 2019, grassland vegetation community survey, soil collection and UAV grassland remote sensing image data collection are conducted on several local sample sites.
- cumulatively publishes two papers collected by CSCD, entitled ***Analysis on the optimization management of herd structure and its influencing factors in four typical pastoral counties in northwest Sichuan*** and ***Analysis on the causes of spatial differences between the education level and grazing intensity of the pastoral households in typical pastoral counties in northwest Sichuan.***

COMMUNITY

- university-level Excellent Practice individual, university-level excellent Correspondent, and the team is named outstanding practice group three times.
- 2018 summer vacation in Zhengzhou to participate in a survey of zhengzhou printing industry.
- 2019 Winter vacation to participate in the children care activity of Wenjiang Renaissance community.
- 2019 summer vacation participates in the establishment of garbage in Wenjiang Huimin community and brings the community into the social practice of painting.
- 2020 winter holiday participates in a survey on the business operation of qingcheng Mountain scenic spot.

Education background

四川農業大學 蘭州大學 西安交通大學

From September 2017 to June 2021, bachelor's degree in Grassland Science, Sichuan Agricultural University.
From September 2021 to now, Master's degree in Grassland Science, Lanzhou University.
From March 2022 to now, Bachelor's degree in Computer Science, Xi'an Jiaotong University.
